The Buyer agrees and understands that they are responsible for paying all costs and expenses of spaying/neutering the puppy. Buyer also agrees that the puppy will not be used for or sold to any pet shop, wholesale or retail outlet, dog agent or dog dealer, or dog fighting entities. If at any time or for any reason during the puppy/dog's lifetime the Buyer needs to find a new home for the puppy/dog, the Buyer agrees to first provide the Seller the opportunity to have the puppy/dog returned to the Seller together with duly executed documentation transferring Buyer's ownership of the puppy/dog to the Seller, before offering this puppy/dog to any other entity or having the puppy/dog put down, in each case without any refund or payment due to the Buyer. This puppy is to the best of the Seller's knowledge of sound body, good health and free of any communicable diseases at the time of sale/placement. The puppy is up to date on all vaccinations and has been routinely wormed at the time of sale. Buyer has 5 business days from the date of this agreement to take the puppy to a licensed veterinarian of their choice. The Buyer understands that the puppy will require standard puppy vaccinations and deworming throughout the dog's life and to provide proper veterinary care. If the Buyer fails to have a veterinarian check preformed within 5 days after receiving the puppy or fails to continue puppy vaccinations, the guarantee shall be null and void. No warranty or guarantee is made to the disposition, life-span, size, color, show quality, breeding quality, or breed ability of any puppy.

The Seller is not responsible for any vet bills or expenses. Buyer agrees to provide routine veterinary care, proper food, water, proper shelter/protection from the elements and adequate companionship throughout the puppy's lifetime. The buyer agrees to hold harmless the seller in the event the puppy dies from natural causes, acts of God, neglect, or abuse. The seller will not be responsible for any type of medical treatment for the above listed puppy at any time after the date of this agreement.

In addition to the general health guarantee described above, Seller provides a one-year guarantee from the date of birth of the puppy against certain congenital defects known to the breed including DM, EIC, and WVD1 that can cause death or seriously impair vital functions in the puppy. Should a licensed veterinarian diagnose the puppy with a life-threatening genetic defect, having been there from birth and within the guarantee periods stated above, the Seller will replace the puppy with another puppy of equal value at the discretion of the Seller. All items covered under this guarantee are by replacement only. We do not give refunds. Should the puppy be returned or exchanged according to the terms of this section, the Buyer shall be responsible for any and all transportation expenses and veterinary charges.

Along with the puppy's records, the Buyer will be provided with several days' supply of food that the puppies are currently eating. Continue to feed Purina One Puppy Chow for a few days, until the puppy has settled into their new environment. If you plan to change your puppy's food, mix ½ of the food provided with ½ of the new food for 2-3 days, and then change to the new food completely. The Buyer understands by changing the puppy's food too rapidly (without an adjustment period), the puppy is likely to develop diarrhea.

The guarantee applies to the original puppy owner only and is nontransferable to a second party.
